**Description**

Natural raw rock process to new sublimation material, the edge of rocks are different in shapes, now you could use our transfer technology which could printing any photos you like on rocks, just few minutes you could get a beautiful gift to your friends, family and so on.

We trust this rock will become hot products for gift markets.

- 1、 Each product have individual package.
- 2、 The edge of products are different in shapes.
- 3、 beautiful package, resist pressure, contain bubble pack and PVC bottom.
- 4、 Top grade sublimation coating, directly transfer photos.
- 5、 1 CTN/MOQ
